About This Game

You will die a lot, i promise.

Jump Like a Pirate - hardcore pixel-art platformer, developed by single man. Here you will jump... or die, depends on your skill. Be greedy, collect ALL that coins, evading different deadly traps.

Two words about mechanics:

Collect coins to complete the greed scale of your pocket pirate.

More time you waste - faster things around happen. Good reaction challenge, isn't it?

Each trap has unique mechanic and it's behavior changes randomly from trap to trap, providing unpredictable gameplay in all stages.

Complete level - get new hat. Hardcore men also need some fun. More hats for more fun!

Jump, die, be greedy and have fun with JLAP!

Fun game, the soundtrack really keeps you going for all the coins!

<https://www.youtube.com/watch?v=JcMqtvLJ9LI>. Jump like a pirate is an absolute masterpiece. Combining majestically eye catching graphics with an amusing and engaging plot. Throughout the story you can get very attached to the main character whose name is unknown. Although the game has an abundance of things to do within the outstandingly large open world my absolute favourite part of the game is the uninstall button.. nostalgia game seems like weird mario. Fun and easy to play. Not too exciting or engaging but entertaining and simple.
